CLUB NOTES

We extend a cordial welcome to Retford Town our visitors to-day.

Our record to date is encouraging having lost only 1 point out of 12 considering we have had more than our share of injuries. D. Fletcher is our latest casualty, but we hope he will be fit to play to-day. Alan Wigley has yet to show the form that made him a favourite the season before last. A change has been made in the half back line for to-days match. Eric Over in place of Peter Rhodes who is being rested.

Our 2nd XI came back from Retford with a point, the first they have dropped and with three of our Juniors in the team it was a good show.

We appreciate the attendance of the Social Services Brass Band and hope it will be a forerunner to further appearances.
